

REMARKS

In response to the Notice of Non-Compliance Amendment, the applicant has here changed the status identifier for claims 12-32 to indicate "Withdrawn".

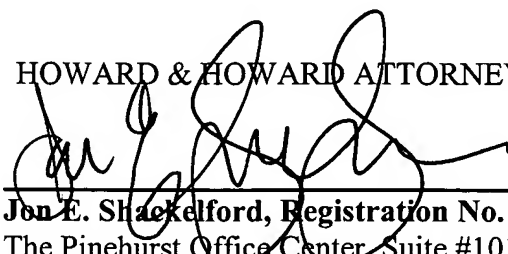

The Applicants reaffirm their election to prosecute the invention of Species I in the event a generic claim is not available. At issue, however, is what claims are currently directed toward the invention of Species I. The Examiner has put forward that only Claims 1-11 are drawn to Species I. The Applicants have maintained that claims 1-21, 31 and 32 are all directed toward the invention of Species I. The basis of the Applicants' firm conviction that claims 1-21, 31 and 32 are directed toward the invention of Species I is set forth in the Remarks accompanying their April 4, 2005 Amendment.

Accordingly, it is requested that claims 12-32 be reinstated and that the next office action give action on claims 1-21, 31 and 32. The Applicants wish to retain their right to petition from the requirement to withdraw claims 12-32 in the event this request for reconsideration does not result in a full action on all of the claims.

Further and favorable action is requested. The Patent Office is authorized to charge or refund any fee deficiency or excess to Deposit Account No. 08-2789.

Respectfully submitted,
